

The Jericho Community Center Needs Your Help!

Join Susan Morse, of Keeping Track® for a benefit program:

COUGARS, BOBCATS, LYNX and MORE!

The proceeds from this program will be used for a continued effort to restore this beautiful building, including repairs to the foundation and brick wall, installation of a new drainage system and restoring the handicapped access ramp. Your attendance at this program, along with a suggested donation of \$5 per person, or \$10 per family, will help us accomplish our goal, and in return make our Community Center safer and more accessible to everyone!

WHEN: Thursday, April 21, 2011 at 6:30 p.m.

WHERE: The Jericho Community Center
